LIONS KIDSIGHT USA. That was the program presented by Star Lion Kathy Donahue. To find kids to screen the club should reach out to community agencies that work with children to offer screenings. Head Start, Kindergartens, Religious Schools, Private Schools, Day Care Centers & Preschools are some. Each club needs access to a screening device, have HIPAA compliant system permission & result forms, have a system for follow up and provide follow-up exams or care and keep a list of the results such as number screened, number referred, age group. The club should maintain a list of number screened, number referred, ages and a diagnosis if possible. No names are to be kept by the Club, only the School. Important for Lions to be familiar with Myopia – near sighted, Hyperopia – far sighted, Amblyopia - Vision in one eye reduced because the eye & brain are not working together, Strabismus – Misalignment of the eyes (4% of US population has it). Astigmatism – is caused by a deviation from spherical curvature. Anisocoria – Unequal size of pupils (20% of US population has it) and Anisometropia – Eyes have unequal reflective power. So much more could be included here but you really need to be at the meeting to see the video Kathy provided.

Star Lion Pat Gore and Michelle joined 33 members of the Club to enjoy the program. $12 and sacks full of non-perishable food was collected for the Friendship Food Pantry. Karen Wood took home the card money but Darlene Storck missed the attendance drawing.

Liz Cardinale said volunteering to serve dinner to the Veterans is April 18th starting at 4:30pm and Darlene Storck said April 24th is volunteer at the Idaho Food Bank from 12:30 to 3:30pm.

Dan & Patty Frison delivered a bunk bed to the Daun Family at 4000 Cloverdale, Boise for a 3 year old little girl.

Larry Locklear passed around a sign up sheet for the Boise Bench Charter Party. If you cannot make a meeting and would like to attend please contact Happy Olsen – 208-344-9931- The flier has been sent to each Bench Lion
